# LIFT CAPS™

## LONG-LASTING LIFT™ IN CONVENIENT CAPSULE FORM

Leap into your day with tasty, natural fruit-flavored **LIFT CAPS™** for very fast and long-lasting mental energy. **LIFT CAPS™** fires up your brain naturally and jump starts your day. It contains essential nutrients, including L-phenylalanine\*, that make and activate the release of noradrenaline, the brain's version of adrenaline, an important neurotransmitter.

- **L-phenylalanine** (an essential amino acid) and its cofactors help the brain produce noradrenaline and can help boost a positive mental attitude.
- **Noradrenaline** is a neurotransmitter and is not a drug. It is a natural substance made by certain nerve cells in your brain from nutrients in your diet. It is used to transmit messages from one nerve cell to another. Therefore, it is called a neurotransmitter. You do not have an unlimited supply of noradrenaline and after you've been working all day you get very exhausted, especially if you are not eating right. Not eating right or eating irregularly causes you to run out of the nutrients that your brain needs. Many people revert to coffee or an unhealthy energy drink in a can.
- Everyone who uses coffee and/or unhealthy energy drinks the first thing in the morning makes you bright-eyed, bushy-tailed and gives you a lot of energy. The second cup of coffee doesn't do as much as the first and the third does less than the second, and the fourth, even less. By the end of the day additional cups of coffee just make you feel spaced out and jittery.
- **LIFT CAPS™** also works to provide appetite satisfaction.
- **LIFT CAPS™** contains 80 mg of caffeine per serving. The two major effects of caffeine is that it causes the release of noradrenaline and causes you to be more sensitive to noradrenaline. The problem is that it does not help you to make more noradrenaline. It is like burning a candle at both ends.
- Therefore, **LIFT CAPS™** is a combination of nutrients that help the brain make more noradrenaline. It is a long-lasting version of coffee. You might say that it is the thinking man's coffee because it gives you a lot of get up and go without the "down." **LIFT CAPS™** is also available in a drink mix form as **LIFT™** powder.

### Supplement Facts

Serving size 2 capsules  
Servings per container 60

Amount Per Serving	% Daily Value
Vitamin A (as beta-carotene) 2494 IU5	0%
Vitamin C	355%
(as niacinamide ascorbate) 108 mg	
(as ascorbic acid) 100 mg	
(as ascorbyl palmitate) 6 mg
